Dear Parents,

I trust you all had an enjoyable and relaxing long weekend. I hope your batteries are recharged for the rest of this term. I know the students have been working very hard at school and it's wonderful to watch their growth and enthusiasm for learning. They are particularly excited about our “Noun Town” that we have been constructing on our board in the classroom. They have come up with some excellent Common Nouns (people, places and things) for our town. The town will soon be “under construction” as we begin to include some Proper Nouns and Action Verbs to the town. Next time you come into the classroom why not come and have a look and see how many nouns you can find. This will be a wonderful learning opportunity to share with your child.

In Christian Studies the students have been interviewing the staff at school to find out what service means and the different ways that they serve at school and outside of school. They have also listened to many stories about how Jesus served. For students to go further with their understanding it would be lovely for you to talk with your child about how you serve them or others. You could even encourage your child to think of ways they could serve at home. Help them come up with a list of things they could do to serve you or another family member.

Have a great week,
Mel Southren
